SCAMS ARE RUNNING RAMPANT!

USE THESE TIPS TO AVOID BECOMING THE NEXT VICTIM.

S.L.A.M the Scam

Spot phishing emails by using the S.L.A.M Method!

SENDER

Carefully analyze who the email is coming from

LINKS

Hover over links, without clicking, to see where it may take you

ATTACHMENTS

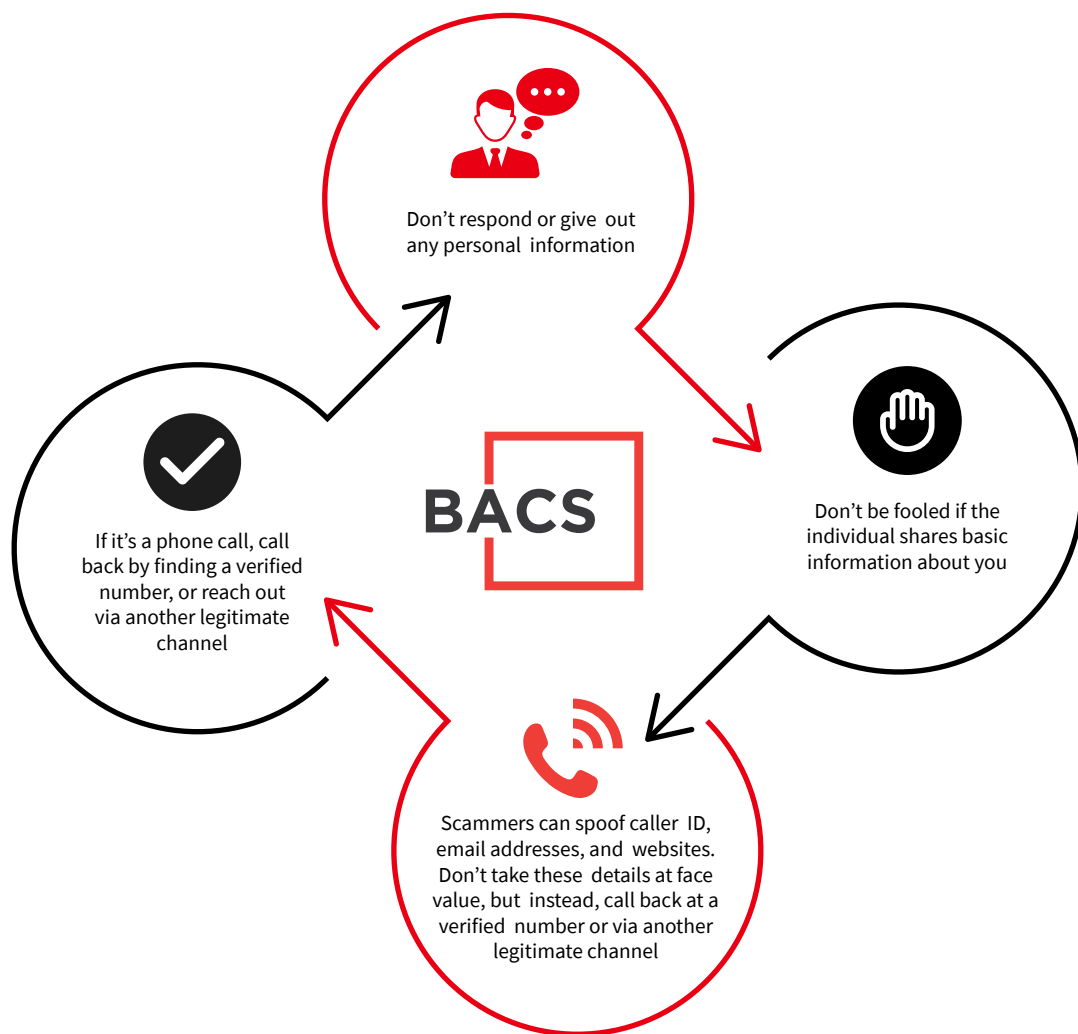

Ask yourself if you were expecting the attachment

MESSAGE

Look for misspellings, generic greetings and requests to take action

Received an unsolicited call, text, or email?

But they sound so... real!

That is the goal! Scammers have become incredibly convincing and know that good customer service and attention to detail help sell their story – but don't get caught up. If it sounds suspicious or too good to be true, trust your instincts!
